PROFILE

About Me

Results-driven **Full Stack Web Developer** with 5+ years of hands-on experience building high-performance responsive websites, scalable e-commerce platforms, and secure admin panels. Expert in modern frontend **(React, Tailwind, Vite)** and robust backend **(PHP, Laravel, MySQL)**. Proven track record of delivering solutions that **increase client traffic by 40%** and drive measurable business growth. Passionate **Web Development Trainer** — mentoring developers with practical, project-based learning.

Specialty	E-Commerce Dev · Web Training · SEO Optimization · Responsive Design · Performance Tuning

CAREER

Professional Experience

Full Stack Web Developer & Trainer

● Current

VSP Virtual Solution Path — Faisalabad, Pakistan | 2025 – Present

- Led full-stack development of responsive websites for **education, e-commerce, and business clients**.
- Built modern front-end interfaces using **HTML, CSS, Bootstrap, JavaScript, React, and Tailwind**.
- Created back-end systems including **admin panels, forms, and blog management** using PHP and MySQL.
- Improved website speed, mobile responsiveness, and UX — achieving **40%+ Core Web Vitals improvement**.
- Trained **30+ students** in web development; guided practical projects with 90%+ completion rate.

Full Stack Web Developer

Orbit Counsels — Punjab, Pakistan | May 2024 – Dec 2025

- Built and deployed **5+ high-traffic e-commerce platforms** with scalable back-end systems.
- Developed **secure admin dashboards** with role-based access and dynamic reporting features.
- Increased organic client traffic by **40%** through strategic SEO implementation.
- Maintained **Git version control** and conducted code reviews — zero critical production bugs.

Front-End Developer

Virtual Solutions Path — Punjab, Pakistan | Apr 2022 – Apr 2023

- Delivered **10+ responsive portfolio and business websites** on time and within budget.
- Translated **Figma designs** to accessible, cross-browser-compatible production sites.
- Managed **cPanel/FTP deployment** and guided complete client onboarding.

PORTFOLIO

Featured Projects

E-Commerce Platform Suite — PHP · Laravel · MySQL · Bootstrap

Designed and deployed multiple full-featured online stores with cart, order processing, and secure checkout. Achieved 99.9% uptime and sub-2s load times.

Admin Dashboard System — React · Tailwind · PHP · RBAC

Multi-role enterprise admin panel with real-time analytics and dynamic reporting. Adopted by 3+ business clients; reduced manual reporting effort by 50%.

Website Dev & Optimization — SEO · Laravel · Git · DevTools

SEO-optimised web suite delivering 40% traffic growth. Improved Core Web Vitals, mobile responsiveness, and conversion rates across multiple client sites.
